

Your health and well-being is our top priority!

Credo Community Center for the Treatment of Addictions wants to assure you that you will continue to have access to necessary clinical services.

Please note:

- When a client receiving services at Credo is found to have a confirmed COVID-19 virus test or suspected COVID-like illness, our staff is required to report this to the local health department.
- Our staff will work with you to make sure all consent forms are updated to include the possibility of this reporting.
- You may be contacted by the local health department to help determine who you might have come in contact with.
- If you are experiencing COVID-like symptoms, efforts should be made to get prompt testing. Our staff can help connect you to available resources and supports.
